

**BOARD OF PORT COMMISSIONERS
CITY OF OAKLAND**

**RESOLUTION APPROVING BUILDING PERMIT
REQUESTED BY GSC LOGISTICS.**

WHEREAS, the Board of Port Commissioners ("Board") has reviewed and evaluated Item No. 2.6 - the Summary Sheet for Permit Application (Port Permit No. 5199) dated May 31, 2018 - and related agenda materials ("Agenda Sheet"), has received the expert testimony of Port of Oakland ("Port") staff, and has provided opportunities for and taken public comment; and

WHEREAS, that in acting upon this matter, the Board has exercised its independent judgment based on substantial evidence in the record and adopts and relies upon the facts, data, analysis, and findings set forth in the Agenda Sheet and in related agenda materials and in testimony received;

NOW, THEREFORE, BE IT RESOLVED AS FOLLOWS:

SECTION 1. In reliance upon the representations and certifications set forth upon and submitted with an application by the Applicant for a building permit to perform certain work at the Premises, and provided that the Applicant complies with all of the terms and conditions set forth in Applicant's agreement(s) with the Port and all other documents regulating use of the Premises, the Board hereby approves the building permit for the following work:

- A. Applicant: **GSC Logistics**
- B. Premises: 555 Maritime Street, Oakland, California
- C. Estimated Cost: \$140,000.00
- D. Work: Repair a portion of the site pavement and seal all asphalt paving on the Premises. Repair includes removal of asphalt and engineered base for approximately 10,000 square feet and replacement with in-kind pavement.

E. Sustainability: Applicant will recycle all paving removed from the site for reuse. No other sustainability measures are being considered for this project, although Applicant has other electrification projects planned.

SECTION 2. The Board hereby finds and determines that the work to be performed under this building permit is categorically exempt from the requirements of the California Environmental Quality Act ("CEQA") and the Port CEQA Guidelines under Section 15301, Class 1(a), which exempts projects involving interior alterations to existing facilities involving negligible or no expansion of an existing use.

SECTION 3. (a) Neither this resolution nor the Board's approval of said work (i) is a waiver by the Board of any Port right or remedy with respect to Applicant under any agreement between the Port and the Applicant or with respect to any obligation of Applicant, or (ii) releases Applicant from any obligation with respect to said work or with respect to any agreement between the Port and Applicant; and (b) this resolution is not evidence of and does not create or constitute (i) a contract, or the grant of any right (other than to perform the work subject to the provisions of this resolution), entitlement or property interest, or (ii) any obligation or liability on the part of the Board or any officer or employee of the Board.

SECTION 4. This resolution shall be effective immediately upon adoption by the Board.
