

**Proposed Changes Coming to OAK Employee Parking**

Employee Parking Users,

We are reaching out to let you know that we are proposing to increase the current rate for Employee Parking Permits of \$32 monthly/ \$96 quarterly. This rate that has been in effect since 2008 and needs to increase to cover the rising costs of operating the employee parking program.

To minimize the financial impact of this increase, we propose to raise rates gradually over the next few years as shown in the table below:

Employee Parking Permit	Proposed January 1, 2020	Proposed January 1, 2021	Proposed January 1, 2022	Proposed January 1, 2023
Monthly Rate	\$35.00	\$38.00	\$42.00	\$47.00
Quarterly Rate	\$105.00	\$114.00	\$126.00	\$141.00

As part of rolling out the rate increase, we will also be implementing features that will improve your experience with the employee parking program, including; Increased Hours of Operation, Prorated Permit Returns and Refunds, New Administrative Location, Digital Sign up Forms and Online Payment.

In this expensive region we acknowledge that price increases are not easy to manage and we want to hear from you. As an example, would billing for employee parking on a monthly vs. quarterly or annual basis help you manage your budgets?

Before the Board of Port Commissioners acts on the proposed rates, we would like your feedback. Please use this notification, fill in below, to give us your feedback. Your response can be left at a comment box just outside of the Public counter at Terminal 1 where you purchase your employee parking permits or in comment boxes in each of the employee shuttle buses. You can also send us your comments to [parking@oaklandairport.com](mailto:parking@oaklandairport.com) In addition, you can give your feedback directly to the Board of Port Commissioners by showing up to the Board meeting and giving your comments. We have tentatively scheduled this item for the October 24<sup>th</sup> Board meeting.
